

HKTS 20

5.1-channel home theater speaker system

harman/kardon®
Designed to Entertain.™

Specifications

■ The Harman Kardon® HKTS 20

is a film fan's dream system. With a dual-driver center channel speaker for vivid, distinct movie dialogue, four compact but powerful satellites to pull you into the action, and a 200-watt powered subwoofer for heart-stopping bass, the HKTS 20 system is more than equal to all the excitement that Hollywood is dishing out these days.

■ Highlights

- Home entertainment solution
- Exceptional sonic performance
- Constant directivity waveguides
- 3-D TV-compatible
- Elegant design
- 5.1-channel sound
- 200W powered 8" subwoofer
- Five voice-matched, two-way loudspeakers
- Video shielded
- Wall brackets

■ Key Specifications

- Impedance – satellites and center: 8 ohms; SPL @ 1 watt/meter: 83dB
- System frequency response: 35Hz – 20kHz; recommended amplifier power: 10W – 80W
- Dimensions (H x W x D) and weight – satellites (base included): 8-1/2" x 4-11/32" x 3-15/32", 2.1lb; center: 4-11/32" x 10-11/32" x 3-15/32", 3.2lb; subwoofer: 13-29/32" x 10-1/2" x 10-1/2", 19.8lb.

Depth measurement includes knobs, buttons and terminal connections, unless stated otherwise; height measurement includes feet and chassis, unless stated otherwise.

HKTS 20

5.1-channel home theater speaker system

harman/kardon®
Designed to Entertain™

■ Features

Technology

- Four identical voice-matched, two-way satellites with a 3" midrange and a 3/4" soft-dome tweeter, video-shielded
- Voice-matched, dual-driver center speaker, with two 3" midranges and a 3/4" soft-dome tweeter, video shielded
- The HKTS 20 features constant directivity waveguides, which decrease the directivity of the tweeter at high frequencies and result in an incredibly wide stereo image in a much larger listening area.
- 200-watt, sealed powered subwoofer with an 8" driver

Connectivity

- Equipped with a special LFE (low-frequency effects) input that simplifies connection to receivers and preamp/processors with dedicated subwoofer outputs that carry low-frequency signals
- Line-level inputs

Ease of Use

- All of the cables included to connect the speakers to your receiver or preamp/processor and amplifier
- Phase switch for fine-tuning bass response to suit your listening environment and taste
- Removable bases and wall-mount brackets for the satellite speakers and a wall-mount bracket for the center speaker
- Music-sense trigger to sense the presence of an audio signal and automatically switch the subwoofer from Standby mode to On
- Level control to increase or decrease the volume level of the subwoofer
- Bass-boost switch to enhance the subwoofer's low-frequency performance
- Optional HTFS 3/E floor stands available
