

# CRUISE

Handlebar Mounted Bluetooth Audio System

## Enhance Your Riding Experience with JBL Cruise.

JBL Cruise is a purpose built audio system specifically engineered for the needs of Motorcycle and Scooter applications. Far safer than using in-ear headphones, Cruise will provide more smiles per gallon. Easily stream music using any Bluetooth enabled device and kit it charged via the integrated USB port. A pair of 65mm transducers, powered by a built-in digital amplifier, produces a concert experience like no other. All of this technology and performance is packaged in glove friendly, IPX5 rated package that mounts to nearly any motorcycle or scooter utilizing our JBL's patent pending mirror integration mount. And for the rider that likes to customize, Cruise is easily paintable to match their style.

## Features
