

Captivating sound meets your personal digital assistant.

Invoke brings together Harman Kardon's audio heritage with Cortana by Microsoft, resulting in an elegantly designed, intelligent speaker for the home. Crafted from premium materials, Invoke's striking metallic speaker cabinet delivers power and projects sound at full 360-degrees, revealing every beautiful detail in your music. At the heart of Invoke is Cortana, your personal digital assistant, helping you stay connected to what's important. Now you can enhance every moment at home with captivating sound, voice control your music and smart home technology, make and receive hands-free calls with Skype, set and receive reminders seamlessly across your devices, get answers to your questions, and more.

Features

- ▶ Premium Sound
- ▶ Voice control your music
- ▶ Make and receive calls with Skype
- ▶ Work across your devices
- ▶ Get answers to your questions
- ▶ Control your smart home
- ▶ Set and receive reminders
- ▶ HARMAN's SONIQUE™ far-field voice recognition technology

Premium Sound

Reveal every beautiful detail in your music and listen to sound at full 360-degrees.

Voice control your music

Request your favorite music with simple commands and enhance each moment effortlessly.

Make and receive calls with Skype

Enables hands-free communication so you can stay engaged in the moments that matter.

Work across your devices

Enhances the flow of your life by syncing seamlessly across your devices, allowing you to feel a sense of completeness and harmony.

Get answers to your questions

Adapts to how you speak, understands your needs, and answers life's many questions.

Control your smart home

Your home devices (including lights, thermostats, and more) are connected and easily accessible so you can stay more focused on the moments that matter.

Set and receive reminders

Intelligently works with calendars, schedules, and emails to proactively remind you of important things.

HARMAN's SONIQUE™ far-field voice recognition technology

With SONIQUE™ Invoke can hear you clearly from any direction.

*DISCLAIMER: Set up requires Cortana app for Windows 10 PC or phone, Android or iPhone (requires Android version 4.1.2 or higher, or iPhone 4 with iOS 8.0 or higher). Home automation works with select providers. Works with select music subscription services.
